

## **PAT Testing**

### **LCL Level 3 Award in the In-Service Inspection & Testing of Electrical Equipment**

### **Introduction**

PAT Testing has now moved forward and has brought the inspection and testing of fixed appliances. This is a regulated qualification which allows you to demonstrate your knowledge for the In-Service Inspection and Testing of Electrical equipment in the UK. It is based primarily on the latest Edition of BS7671 and the new IET code of practice for In-Service Inspection and Testing of Electrical Equipment 4<sup>th</sup> Edition.

### **Learning Outcomes**

- Understand the statutory and non-statutory requirements relevant to electrical equipment maintenance
- Understand electrical units, circuits, components and definitions associated with In-Service inspection and testing of electrical equipment
- Understand how equipment construction and classification reduces the risk of electric shock
- Understand the procedures for the In-Service Inspection and testing of electrical equipment
- Understand why and how to carry out inspection and testing of electrical equipment
- Understand the information relating to in-service inspection and testing of electrical equipment
- Understand the responsibilities and training requirements for personnel associated with inspection and testing of electrical equipment
- Be able to inspect and test items of electrical equipment

## Who can do this course?

Anybody! There are no pre-requisites for this qualification and is for anyone that must have PAT testing undertaken i.e. offices / schools / care homes / factories; indeed it is a requirement that all commercial premises have to have equipment inspected and tested annually.

## Course Duration

Our course runs over two days, 0830 – 1630 and we provide a fresh lunch, tea, coffee and plenty of biscuits.

## Certification

This recognised Level 3 qualification is awarded by Logic Certification Ltd and you would normally receive your certificates direct to you within 15 working days.

## Cost

**£300** inclusive of VAT and all fees

## Enquiry & Enrolment

If you would like more information or, to book on to this course please call Michelle on: 023 9217 6519 or email: [enquiries@setauk.com](mailto:enquiries@setauk.com)

## Other Information

We have, for use in centre, copies of the New IET Code of Practice for In-Service Inspection and Testing of Electrical Equipment 4<sup>th</sup> Edition however, we highly recommend that you purchase your own copy to use on a day to day basis as a guidance. These can be ordered from the internet or purchased from any good electrical wholesaler.
